COMMUNITY CLEANUP

Let us give a big round of applause to our students and staff here at Glenwood School. On April 26th, our students along with staff picked up garbage on area roads, town streets and the school grounds. Republic Services donated a drop box that was placed at the school for the community to use as well. Several of the staff and students noticed there was less garbage along the roadsides than in the past years. Let us all work together to keep our valley beautiful!
